Teresa de Cofrentes is a municipality in the province of Valencia, close to the province of Albacete, and has a church from the 17th century and an eighteenth-century hermitage.

It has corners of great natural and scenic value, with areas of wide plains that contrast with forests that, like a natural blanket, cover mountains more than a thousand meters above sea level. Natural areas such as La Hunde are an example of this valuable natural heritage of great ecological value, due to its rich flora, fauna and water sources.

The village has a supermarket, a pharmacy, bakery and a few restaurants and cafes, and the closest Bank and Health Center is in the larger Castle town of Ayora which only a 4 min drive from Teresa de Cofrentes.

Both Alicante and Valencia Airports are 1 hour 10 minutes away.
