Vistabella Golf is a golf course located in the urbanized area of the village of Vistabella. The village is located west of Torrevieja and is currently in full development. The golf course was designed by former European and World Cup champion Manuel Piñero.

The course incorporates many of the challenges he faced when he was a professional, including much of his experience at competitions such as the Ryder Cup, Europeans Tours, World Cup and Dunhill Golf Cup. On this course, players with different experience can adapt each hole on the course to their own level. The golf course itself is an 18-hole course with a par 72.□□

Torrevieja and Orihuela are two towns well connected to the region, as well as smaller areas like Cabo Roig. The closest beaches to Vistabella are those of Cabo Roig and its surroundings. You can even cycle to all the places mentioned above within an hour. Around each of the mentioned areas, you can enjoy numerous activities, from shopping and exercising to dining out and visiting museums. There is a large lake near Vistabella: Embalse de la Pedrera. This stretches for several kilometers from the neighboring towns of Hurchillo and Bigastro to Torremendo in the south. The lake offers spectacular views, and at certain times of the year it even dries out a little. Due to the size of the lake, this area is an ideal place for long bike rides, for example from Vistabella. It is also a good place for walks and keen photographers.
