Property type: Land Plot area: 15574 m²

Location: Salinas **Bedrooms:** 0 **Bathrooms:** 0

Mains Water

Walking Distance To Town

15,000m2 of building land in Salinas with water - electric close. We are proud to offer this lovely plot of land with great views, and only a short walk to the village of Salinas.

br> With water on site, and electricity very close (waiting on quotes for installation), this is an ideal investment for your new home.

In Salinas, you can build up to 2% of the land size, per floor (up to 2 floors), so this would be large enough for a 620m2 property.
